DfE Statutory Relationships & Health Education

Jigsaw PSHE 3-11 progression map

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the DfE statutory Relationships and Health Education outcomes have been made in each Puzzle.

INTENT: Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation.

IMPLEMENTATION: Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.

IMPACT: This can be established through assessment identified in the key learning.

10	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6			
mes	Relationships Education – By end of p								
03	Caring friendships								
¥	(R7) how important friendships are in making us feel happy and secure, and how people choose and make friends								
5	(R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties								
<u> </u>	(R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded								

Respectful relationships

others, if needed.

(R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs

(R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from

- (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships
- (R14) the conventions of courtesy and manners
- (R15) the importance of self-respect and how this links to their own happiness
- (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority
- (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.

Online relationships

- (R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online, including when we are anonymous
- (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)
- (R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

- (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations
- (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings
- (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate
- (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.

Relationships Education – By end of primary, pupils should know:

Families and the people who care for me

- (R1) that families are important for children growing up because they can give love, security and stability
- (R2) the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives
- (R3) that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care
- (R4) that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up
- (R5) that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong
- (R6) how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

Caring friendships

- (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends
- (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties
- (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded
- (R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right
- (R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.

Respectful relationships

- (R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs
- (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships
- (R14) the conventions of courtesy and manners
- (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority
- (R17) about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help
- (R18) what a stereotype is, and how stereotypes can be unfair, negative or destructive
- (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.

Online relationships

- (R20) that people sometimes behave differently online, including by pretending to be someone they are not
- (R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous
- (R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them
- (R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.

Being safe

- (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)
- (R29) how to recognise and report feelings of being unsafe or feeling bad about any adult
- (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard
- (R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so
- (R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

- (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations
- (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings
- (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate
- (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support
- (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being
- (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online).

Internet safety and harms

(H13) how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private (H14) why social media, some computer games and online gaming, for example, are age restricted

(H15) that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health

(H17) where and how to report concerns and get support with issues online.

Taught knowledge

(Key objectives are in bold)

- · Know what bullying means
- Know who to tell if they or someone else is being bullied or is feeling unhappy
- Know that people are unique and that it is OK to be different
- Know skills to make friendships
- Know that people have differences and similarities

- Know the difference between a one-off incident and bullying
- Know that sometimes people get bullied because of difference
- Know that friends can be different and still be friends
- Know there are stereotypes about boys and girls
- Know where to get help if being bullied
- Know that it is OK not to conform to gender stereotypes
- Know it is good to be yourself
- Know the difference between right and wrong and the role that choice has to play in this

- Know what it means to be a witness to bullying and that a witness can make the situation worse or better by what they
- Know that conflict is a normal part of relationships
- Know that some words are used in hurtful ways and that this can have consequences
- Know why families are important
- Know that everybody's family is different
- Know that sometimes family members don't get along and some reasons for this

- Know that some forms of bullying are harder to identify e.g. tactical ignoring, cyberbullying
- Know the reasons why witnesses sometimes join in with bullying and don't tell anyone
- Know that sometimes people make assumptions about a person because of the way they look or act
- Know there are influences that can affect how we judge a person or situation
- Know what to do if they think bullying is or might be taking place
- Know that first impressions can change

- Know external forms of support in regard to bullying e.g. Childline
- Know that bullying can be direct and indirect
- Know what racism is and why it is unacceptable
- Know what culture means
- Know that differences in culture can sometimes be a source of conflict
- Know that rumourspreading is a form of bullying online and offline
- Know how their life is different from the lives of children in the developing world

- Know that people can hold power over others individually or in a group
- Know that power can play a part in a bullying or conflict situation
- Know that there are different perceptions of 'being normal' and where these might come from
- Know that difference can be a source of celebration as well as conflict
- Know that being different could affect someone's life
- Know why some people choose to bully others
- Know that people with disabilities can lead amazing lives

Relationships Education – By end of primary, pupils should know:

Respectful relationships

(R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships

Year 4

Voor 1

Year 5

Year 6

Voor 6

Year 3

(R14) the conventions of courtesy and manners

Year 1

(R15) the importance of self-respect and how this links to their own happiness

(R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority (R17) about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.

Being safe

(R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

Vear 1

- (H1) that mental well-being is a normal part of daily life, in the same way as physical health
- (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations

Vear 3

- (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings
- (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate

Year 2

(H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.

Year 1 Year 2 Year 3 Year 4 Year 5 Year 6

Relationships Education – By end of primary, pupils should know:

Caring friendships

(R7) how important friendships are in making us feel happy and secure, and how people choose and make friends

(R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties

(R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded

(R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right

(R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.

Respectful relationships

(R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs

(R13) practical steps they can take in a range of different contexts to improve or support respectful relationships

(R14) the conventions of courtesy and manners

(R15) the importance of self-respect and how this links to their own happiness

(R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority

(R19) the importance of permission seeking and giving in relationships with friends, peers and adults.

Online relationships

(R20) that people sometimes behave differently online, including by pretending to be someone they are not

(R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous

(R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them

(R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met

(R24) how information and data is shared and used online.

Being safe

(R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)

(R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe

(R27) that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact

(R28) how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know

(R29) how to recognise and report feelings of being unsafe or feeling bad about any adult

(R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard

(R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so

(R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

(H1) that mental well-being is a normal part of daily life, in the same way as physical health

(H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations

(H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings

(H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate

(H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness

(H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests

(H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support

(H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being

(H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online)

(H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Internet safety and harms

(H11) that for most people the internet is an integral part of life and has many benefits

(H12) about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical well-being

(H17) where and how to report concerns and get support with issues online.

Physical health and fitness

- (H18) the characteristics and mental and physical benefits of an active lifestyle
- (H19) the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise
- (H20) the risks associated with an inactive lifestyle (including obesity)
- (H21) how and when to seek support including which adults to speak to in school if they are worried about their health.

Healthy eating

- (H22) what constitutes a healthy diet (including understanding calories and other nutritional content)
- (H23) the principles of planning and preparing a range of healthy meals
- (H24) the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).

Drugs, alcohol

(H25) the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.

Health and prevention

- (H26) how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body
- (H28) the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn
- (H30) about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing
- (H31) the facts and science relating to allergies, immunisation and vaccination.

Basic first aid

- (H32) how to make a clear and efficient call to emergency services if necessary
- (H33) concepts of basic first-aid, for example dealing with common injuries, including head injuries.

Taught knowledge

(Key objectives are in bold)

- Know the difference between being healthy and unhealthy
- Know some ways to keep healthy
- Know how to make healthy lifestyle choices
- Know that all household products, including medicines, can be harmful if not used properly
- Know that medicines can help them if they feel poorly
- Know how to keep safe when crossing the road
- Know how to keep themselves clean and healthy
- Know that germs cause disease/illness
- Know about people who can keep them safe

- Know what their body needs to stay healthy
 - Know what relaxed means
 - Know why healthy snacks are good for their bodies
 - Know which foods given their bodies energy
 - Know that it is important to use medicines safely
 - Know what makes them feel relaxed/stressed
 - Know how medicines work in their bodies
 - Know how to make some healthy snacks

- Know how exercise affects their bodies
- Know that the amount of calories, fat and sugar that they put into their bodies will affect their health
- Know that there are different types of drugs
- Know that there are things, places and people that can be dangerous
- Know when something feels safe or unsafe
- Know why their hearts and lungs are such important organs
- Know a range of strategies to keep themselves safe
- Know that their bodies are complex and need taking care

- Know that there are leaders and followers in groups
- Know the facts about smoking and its effects on health
- Know the facts about alcohol and its effects on health, particularly the liver
- Know ways to resist when people are putting pressure on them
- Know what they think is right and wrong
- Know how different friendship groups are formed and how they fit into them
- Know which friends they value most
- Know that they can take on different roles according to the situation
- Know some of the reasons some people start to smoke
- Know some of the reasons some people drink alcohol

- Know basic emergency procedures, including the recovery position
- Know the health risks of smoking
- Know how smoking tobacco affects the lungs, liver and heart
- Know how to get help in emergency situations
- Know that the media, social media and celebrity culture promotes certain body types
- Know the different roles food can play in people's lives and know that people can develop eating problems/disorders related to body image pressure
- Know some of the risks linked to misusing alcohol, including antisocial behaviour
- Know what makes a healthy lifestyle

- Know how to take responsibility for their own health
- Know what it means to be emotionally well
- Know how to make choices that benefit their own health and well-being
- Know about different types of drugs and their uses
- Know how these different types of drugs can affect people's bodies, especially their liver and heart
- Know that stress can be triggered by a range of things
- Know that being stressed can cause drug and alcohol misuse
- Know that some people can be exploited and made to do things that are against the law
- Know why some people join gangs and the risk that this can involve

	Unhealthy, Balanced, Exercise, Sleep, Choices, Clean, Body parts, Keeping clean, Toiletry items (e.g. toothbrush, shampoo, soap), Hygienic, Safe Medicines, Safe, Safety, Green Cross Code, Eyes, Ears, Look, Listen, Wait	Healthy choices, Lifestyle, Motivation, Relax, Relaxation, Tense, Calm, Dangerous, Medicines, Body, Balanced diet, Portion, Proportion, Energy, Fuel, Nutritious	Oxygen, Calories/kilojoules, Heartbeat, Lungs, Heart, Fitness, Labels, Sugar, Fat, Saturated fat, Healthy, Drugs, Attitude, Anxious, Scared, Strategy, Advice, Harmful, Risk, Feelings, Complex, Appreciate, Body, Choice	Friendship, Emotions, Relationships, Friendship groups, Value, Roles, Leader, Follower, Assertive, Agree, Disagree, Smoking, Pressure, Peers, Guilt, Advice, Alcohol, Liver, Disease, Anxiety, Fear, Believe, Assertive, Opinion, Right, Wrong	Choices, Healthy behaviour, Unhealthy behaviour, Informed decision, Pressure, Media, Influence, Emergency, Procedure, Recovery position, Level-headed, Body image, Media, Social media, Celebrity, Altered, Self-respect, Comparison, Eating problem, Eating disorder, Respect, Debate, Opinion, Fact, Motivation	Responsibility, Immunisation, Prevention, Drugs, Effects, Prescribed, Unrestricted, Over- the-counter, Restricted, Illegal, Volatile substances, 'Legal highs', Exploited, Vulnerable, Criminal, Gangs, Pressure, Strategies, Reputation, Anti-social behaviour, Crime, Mental health, Emotional health, Mental illness, Symptoms, Stress, Triggers, Strategies, Managing stress, Pressure

(Key objectives are in bold)	 Recognise ways to look after themselves if they feel poorly Recognise when they feel frightened and know how to ask for help Feel good about themselves when they make healthy choices Realise that they are special 	 Have a healthy relationship with food Desire to make healthy lifestyle choices Identify when a feeling is weak and when a feeling is strong Express how it feels to share healthy food with their friends 	keeping themselves and others safe Identify how they feel about drugs Can express how being anxious or scared feels Able to set themselves a fitness challenge Recognise what it feels like to make a healthy choice	 Recognise negative feelings in peer pressure situations Can identify the feelings of anxiety and fear associated with peer pressure Can tap into their inner strength and know-how to be assertive Recognise how different people and groups they interact with impact on them Identify which people they most want to be friends with 	 image and know how important it is that this is positive Recognise strategies for resisting pressure Can identify ways to keep themselves calm in an emergency Can make informed decisions about whether or not they choose to smoke when they are older Can make informed decisions about whether they choose to drink alcohol when they are older Accept and respect themselves for who they are Be motivated to keep themselves healthy and happy 	 Suggest strategies someone could use to avoid being pressured Can use different strategies to manage stress and pressure Are motivated to find ways to be happy and cope with life's situations without using drugs Identify ways that someone who is being exploited could help themselves Recognise that people have different attitudes towards mental health/illness
Social and Emotional skills	 Keep themselves safe Recognise how being healthy helps them to feel happy 	Feel positive about caring for their bodies and keeping it healthy	 Respect their own bodies and appreciate what they do Can take responsibility for 	Can identify the feelings that they have about their friends and different friendship groups	 Respect and value their own bodies Can reflect on their own body 	Are motivated to care for their own physical and emotional health

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	

Relationships Education – By end of primary, pupils should know:

Families and the people who care for me

- (R1) that families are important for children growing up because they can give love, security and stability
- (R2) the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives
- (R3) that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care
- (R4) that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up
- (R5) that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong
- (R6) how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

Caring friendships

- (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends
- (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties
- (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded
- (R10) that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right
- (R11) how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.

Respectful relationships

- (R12) the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs
- (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships
- (R14) the conventions of courtesy and manners
- (R15) the importance of self-respect and how this links to their own happiness
- (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority
- (R17) about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help
- (R18) what a stereotype is, and how stereotypes can be unfair, negative or destructive
- (R19) the importance of permission-seeking and giving in relationships with friends, peers and adults.

Online relationships

- (R20) that people sometimes behave differently online, including by pretending to be someone they are not
- (R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous
- (R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them
- (R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met
- (R24) how information and data is shared and used online.

Being safe

- (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)
- (R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe
- (R27) that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact
- (R28) how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know
- (R29) how to recognise and report feelings of being unsafe or feeling bad about any adult
- (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard
- (R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so
- (R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

- (H1) that mental well-being is a normal part of daily life, in the same way as physical health
- (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations
- (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings
- (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate
- (H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness
- (H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests
- (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support
- (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being
- (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online)
- (H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Internet safety and harms

- (H11) that for most people the internet is an integral part of life and has many benefits
- (H12) about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical well-being
- (H13) how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private
- (H14) why social media, some computer games and online gaming, for example, are age restricted
- (H15) that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health

Year 3

- (H16) how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted
- (H17) where and how to report concerns and get support with issues online.

Physical health and fitness

Year 1

- (H18) the characteristics and mental and physical benefits of an active lifestyle
- (H21) how and when to seek support including which adults to speak to in school if they are worried about their health.

Year 2

Puzzle

Year 1 Year 2 Year 3	Year 4 Year 5	Year 6
----------------------	---------------	--------

Relationships Education - By end of primary, pupils should know:

Families and the people who care for me

- (R1) that families are important for children growing up because they can give love, security and stability
- (R2) the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives
- (R3) that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care
- (R4) that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up
- (R6) how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

Caring friendships

- (R7) how important friendships are in making us feel happy and secure, and how people choose and make friends
- (R8) the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties
- (R9) that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.

Respectful relationships

- (R13) practical steps they can take in a range of different contexts to improve or support respectful relationships
- (R15) the importance of self-respect and how this links to their own happiness
- (R16) that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority
- (R18) what a stereotype is, and how stereotypes can be unfair, negative or destructive
- (R19) the importance of permission seeking and giving in relationships with friends, peers and adults.

Being safe

- (R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)
- (R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe
- (R27) that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact
- (R29) how to recognise and report feelings of being unsafe or feeling bad about any adult
- (R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard
- (R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so
- (R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:

Mental well-being

- (H1) that mental well-being is a normal part of daily life, in the same way as physical health
- (H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations
- (H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings
- (H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate
- (H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness
- (H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests
- (H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support
- (H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being
- (H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online)

(H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Year 3

Changing adolescent body

(H34) key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes (H35) about menstrual well-being including the key facts about the menstrual cycle.

Puzzle **Overview** Changing Me

Year 1 Children are introduced to life cycles, e.g. that of a frog and identify the different stages. They compare this with a human life cycle and look at simple changes from baby to adult, e.g. getting taller, learning to walk, etc. They discuss how they have changed so far and that people grow up at different rates. As part of a school's safeguarding duty, pupils are taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicles, vulva). They are also taught that nobody has the right to hurt these parts of the body. Change is discussed as a natural and normal part of getting older which can bring about happy and sad feelings. Children practise a range of skills to help manage their feelings and learn how to access help if they are worried about change, or if someone is hurting them.

In this Puzzle, children compare different life cycles in nature, including that of humans. They reflect on the changes that occur (not including puberty) between baby, toddler, child, teenager, adult and old age. Within this, children also discuss how independence, freedoms and responsibility can increase with age. As part of a school's safeguarding duty, pupils are retaught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicle, vulva). They are also reminded that nobody has the right to hurt these parts of the body, including a lesson on inappropriate touch and assertiveness. Children practise a range of strategies for managing feelings and emotions. They are also taught where they can get help if worried or frightened. Change is taught as a natural and normal part of growing up and the range of emotions that can occur with change are explored and discussed.

Year 2

This Puzzle begins learning about babies and what they need to grow and develop including parenting. Children are taught that it is usually the female that carries the baby in nature. This leads onto lessons where puberty is introduced. Children first look at the outside body changes in males and females. They learn that puberty is a natural part of growing up and that it is a process for getting their bodies ready to make a baby when grown-up. Inside body changes are also taught. Children learn that females have eggs (ova) in their ovaries and these are released monthly. If unfertilised by a male's these. Children are introduced to sperm, it passes out of the body as a period. Sexual intercourse and the birth of the baby are not taught in this year group. Children discuss how they feel about puberty and growing up and there are opportunities for them to seek reassurance if anything is worrying them.

In this Puzzle, bodily changes at puberty are revisited with some additional vocabulary, particularly around menstruation. Sanitary health is taught, including introducing pupils to different sanitary and personal hygiene products. Conception and sexual intercourse are introduced in simple terms so the children understand that a baby is formed by the joining of an ovum and sperm. They also learn that the ovum and sperm carry genetic information that carry personal characteristics. The Puzzle ends by looking at the feelings associated with change and how to manage Jigsaw's Circle of change model as a strategy for managing future changes.

Year 4

Year 5 In this Puzzle, the children revisit self-esteem, self-image and body image. They learn that we all have perceptions about ourselves and others, and these may be right or wrong. They also reflect on how social media and the media can promote unhelpful comparison and how to manage this. Puberty is revisited in further detail, explaining bodily changes in males and females. Sexual intercourse is explained in slightly more detail than in the previous year. Children are encouraged to ask questions and seek clarification about anything they don't understand. Further details about pregnancy are introduced including some facts about the development of the foetus and some simple explanation about alternative ways of conception, e.g. IVF. Children learn that having a baby is a personal choice. Details of contraceptive options and methods are not taught as this is not age-appropriate. Reasons why people choose to be in a romantic relationship and choose to have a baby are also explored. Children look at what becoming a teenager means for them with an increase in freedom, rights and responsibilities. They also consider the perceptions that surround teenagers and reflect whether they are always accurate, e.g. teenagers are always moody; all teenagers have a boyfriend/girlfriend, etc.

In this Puzzle, the children learn about puberty in boys and girls and the changes that will happen; they reflect on how they feel about these changes. The children also learn about childbirth and the stages of development of a baby, starting at conception. They explore what it means to be being physically attracted to someone and the effect this can have upon the relationship. They learn about different relationships and the importance of mutual respect and not pressuring/being pressured into doing something that they don't want to. The children also learn about self-esteem, why it is important and ways to develop it. Finally, they look at the transition to secondary school (or next class) and what they are looking forward to/are worried about and how they can prepare themselves mentally.

Year 6

Taught knowledge (Key objectives are in bold)	 Know the names of male and female private body parts Know that there are correct names for private body parts and nicknames, and when to use them Know which parts of the body are private and that they belong to that person and that nobody has the right to hurt these Know who to ask for help if they are worried or frightened Know that animals including humans have a life cycle Know that changes happen when we grow up Know that people grow up at different rates and that is normal Know that learning brings about change 	 between male and female bodies Know that private body parts are special and that no one has the right to hurt these Know who to ask for help if they are worried or frightened Know there are different types of touch and that some are acceptable and some are unacceptable Know the correct names for private body parts Know that life cycles exist in nature Know that aging is a natural process including old age Know that some changes are out of an individual's control Know how their bodies have changed from when they were a baby and that they will continue to change as they age Know has 	ow some of the outside body inges that happen during perty ow some of the changes on inside that happen during perty ow that in animals and mans lots of changes happen ween conception and wing up ow that in nature it is usually female that carries the baby in her uterus	 Know that personal characteristics are inherited from birth parents and this is brought about by an ovum joining with a sperm Know that babies are made by a sperm joining with an ovum Know the names of the different internal and external body parts that are needed to make a baby Know how the female and male body change at puberty Know that change can bring about a range of different emotions Know that personal hygiene is important during puberty and as an adult Know that change is a normal part of life and that some cannot be controlled and have to be accepted 	 Know how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally Know that sexual intercourse can lead to conception Know that some people need help to conceive and might use IVF Know that becoming a teenager involves various changes and also brings growing responsibility Know what perception means and that perceptions can be right or wrong 	 Know how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally Know how a baby develops from conception through the nine months of pregnancy and how it is born Know how being physically attracted to someone changes the nature of the relationship Know the importance of selfesteem and what they can do to develop it Know what they are looking forward to and what they are worried about when thinking about transition to secondary school/moving to their next class
Social and Emotional skills (Key objectives are in bold)	 Understand and accept that change is a natural part of getting older Can suggest ways to manage change, e.g. moving to a new class Can identify some things that have changed and some things that have stayed the same since being a baby (including the body) Can express why they enjoy learning 	 Can say what types of touch they find comfortable/uncomfortable Be able to confidently ask someone to stop if they are being hurt or frightened Can appreciate that changes will happen and that some can be controlled and others not Can able to confidently ask someone to stop if they are changes will happen and that some can be controlled and others not 	an say who they can talk to cout puberty if they have my worries an suggest ways to help mem manage feelings during manages they are more	 Can appreciate their own uniqueness and that of others Can express any concerns they have about puberty Have strategies for managing the emotions relating to change Can express how they feel about having children when they are grown up 	 Can celebrate what they like about their own and others' self-image and body image Can suggest ways to boost self-esteem of self and others Recognise that puberty is a natural process that happens to everybody and that it will be OK for them Can ask questions about puberty to seek clarification 	 Recognise ways they can develop their own self-esteem Can express how they feel about the changes that will happen to them during puberty Understand that mutual respect is essential in a boyfriend/girlfriend relationship and that they shouldn't feel pressured into doing something that they don't want to

		 Show appreciation for people who are older Can recognise the independence and responsibilities they have now compared to being a baby or toddler Can say what greater responsibilities and freedoms they may have in the future Can say what they are looking forward to in the next year 	 always be Mum who does the laundry Can express how they feel about babies Can describe the emotions that a new baby can bring to a family Can identify changes they are looking forward to in the next year 	 Can say who they can talk to about puberty if they are worried Can apply the circle of change model to themselves to have strategies for managing change 	 Can express how they feel about having a romantic relationship when they are an adult Can express how they feel about having children when they are an adult Can express how they feel about becoming a teenager Can say who they can talk to if concerned about puberty or becoming a teenager/adult 	 Recognise how they feel when they reflect on the development and birth of a baby Can celebrate what they like about their own and others' self-image and body image Use strategies to prepare themselves emotionally for the transition (changes) to secondary school

SMSC Links: Every Jigsaw lesson from Early Years to upper primary offers opportunities for children's **spiritual, moral, social and cultural (SMSC) development**, and this is clearly mapped and balanced across each year group. Likewise, Jigsaw is designed to provide structured opportunities in every lesson to practise **and enhance the five skills associated with the emotional literacy (self-awareness, social skills, empathy, motivation and managing feelings)**. At Jigsaw, we believe that these opportunities are vital for children's development, their understanding of themselves and others and in increasing their capacity to learn.

British Values: Jigsaw PSHE 3-11 supports the **British Values** of Democracy, Rule of Law, Individual Liberty, Mutual Respect and Tolerance of those of different faiths and beliefs. It has been mapped lesson by lesson against the British Values agenda.
