

British Science Week

This week our children have had an exciting week meeting several visitors who came in to school to talk to them about their job role and how it links to science.

Our Year 2 and Year 6 children have also had the annual visit from the Derbyshire Fire Service who came in to talk about fire safety.

Safety Before and After School

A number of concerns have been raised about children running around unsupervised before school (including Nursery children). Please can you make sure your child waits with you until they have gone into class.

Also, at the end of the day, I have received a number of complaints about children's behaviour/language on the playground whilst waiting for older siblings to come out of school. Please help our children to follow our rules.

Aspirations Day

On Monday 31st March, we are inviting all children to come to school dressed in a job role they aspire to have in the future (once they have finished school).

Can you please support our children in thinking realistically about a possible future career and why they would enjoy that role?

Please have a look at the post on your child's class page for further details.

Poetry Competition

Sadly, our Year 6 entrant did not win the poetry competition but they did an amazing job and represented our school brilliantly.

Well done Fola for being brave and performing your poem in front of a large audience.

Items from home

Can I remind you that children are not allowed to bring items in from home? We have had a number of incidents with toys and special items going missing or getting broken. The upset from this is disrupting learning.
