Runner Ducks

This week, we launched our 'name the duck' competition. If your child has not yet managed to have a go at naming a runner duck, they will still have a chance to take part during the first week back after the half term holiday.

Water Bottles

We have just updated our Food and Nutrition Policy which will soon be available on our school website and on the Dojo Class Story main page.

The policy states that children can freely access water in the classroom (or if they do not like water, they can have flavoured water). Based on Government guidelines, we do not allow juice to be drunk in class due to teeth health.

Head Lice

It seems to be that time again with a few reports of children having head lice.

Please check through your child's hair at least once a week. The best comb to use is the Nitty Gritty which can be purchased from a number of stores

Peer Listeners

Our Peer Listeners started their important work a couple of weeks ago and have made an amazing start supporting children who have a worry to share.

Elaine and I are really proud of the work our children have done so far and will be checking in with them as a group after half term.

Infinity Circles

Thank you to those of you who have bought one of our infinity fidget toys in support of Mental Health for our children.

The infinity circles are available to buy from the main office at a cost £2 each. All funds raised will go towards mental health resources for our children.
